

- **Chehalis Glenn Loop** — 2.23 miles
Provides a connection for the golf course club house and PCC Newberg
- **Gettman Loop** — 1.14 miles
Provides viewing areas around the south portion of the Chehalis Glenn Golf Course
- **Mansfield Loop** — 1.18 miles
Provides viewing areas of riparian area
- **Werth Loop** — .97 miles
Provides a connection for a neighborhood and Schaad Park

Chehalis Glenn Golf Course Trails

Connects central Newberg with locations north and east of the Carnegie Trail. This trail provides a north-south connection to points of interest along Springbrook Road and Hawthorn Avenue including the Allison Inn and Spa and the Chehalis Aquatic Center.

Haworth-Springbrook Trails

- **Willamette Trail** — .89 miles
Connects central Dundee with points east including the Willamette River and Paddle Launch
- **Marionberry Loop Trail** — .61 miles
Provides connection for an east neighborhood with a Playground and historic agricultural areas
- **Pacific Dogwood Trail** — .90 miles
Provides north-south neighborhood access and connection to Billick and Pinot Noir Trail
- **Billick Trail** — 1.13 miles
Provides a north-south connection for neighborhoods to Billick Park and Dundee Elementary school
- **Pinot Noir Trail** — 2.81 miles
Provides an east-west corridor connecting east Dundee to Billick Park and points west including several vineyards and Crabtree Park.

Central Dundee Trails

Connects points around the Central Dundee area and links parks, cultural sites, and neighborhoods.

Chehalis Park and Recreation District is helping you stay connected and healthy with Chehalis Heritage Trails. This 70+ mile system of trails, walkways and navigable river segments will eventually combine to provide a seamless outdoor recreational experience from Portland to the coast. These trails will serve pedestrians, bicyclists, hikers, mountain bikers, and equestrians, with an enjoyable outdoor option to enhance fitness and life quality while highlighting our historical areas and natural areas.

The vision for Chehalis Heritage Trails is to connect Newberg to Dundee and the entire Chehalis Valley to the regional trail systems along the Willamette River. This will include Champoeg State Park, and the Intertwine, the trail system that is proposed from Portland to the coast via Forest Grove, Hillsboro, and Beaverton.

Chehalis Heritage Trails serve to preserve and enhance the greater Chehalis Valley parks, historic heritage, native habitats, open space and connectivity.

The project includes restoration of greenways, invasive species eradication, restoration of native vegetation, water quality improvements, and improvements to benefit native fish and other species. Additional benefits include increased in tourism and economic development, safe routes for children to get to and from schools, and improved health through access to recreational facilities.

Design and construction would presumably proceed over a period of years from 2013 to 2020, and perhaps beyond as grants and other funding sources are developed.
