

2012 MIDDLE SCHOOL TRACK & FIELD

Date: January 10, 2012

Middle School athletes wishing to participate in track and field in Newberg will have the opportunity to continue to do so. With the help of volunteer coaches and community support, Newberg will have one middle school team to continue to compete in the Tri-County League as it has historically done. The team will consist of Chehalem Valley Middle School students, Mountain View Middle School students, other middle school students in Newberg, and home-schooled students. This is a great opportunity for our young athletes to continue to participate in an important program that leads them into their high school years.

The first practice and team meeting will be on Monday, March 12, 2012 at Newberg High School track. Athletes should arrive at 5:00 PM and be prepared to practice.

A parent's meeting will be conducted at 7 PM on Thursday, March 15, 2012. The locations will be Chehalem Park & Recreation District office.

Practices will be two to three times a week at the Newberg High School Track from 5:00-6:30 pm. A schedule will be posted online and distributed to athletes when finalized. Athletes should anticipate 2 to 3 practices per week with one meet per week. Meets will run from the 1st week in April through the middle of May.

The cost is \$85 per athlete and a uniform will be provided that must be returned at the end of the season. Athletes' event and individual records will be recorded on Athletic.net. Sign up is currently open. Interested participants should register as soon as possible at the Chehalem Park & Recreation Aquatic & Fitness Center, 1802 Haworth Ave, Newberg, or on-line at www.cprdnewberg.org

Athletes not participating in a winter sport are encouraged to begin conditioning running on their own. Suggested running programs will be posted on the CPRD site by the beginning of February.
