

Chehalem Trails Advisory Committee

Minutes

November 10, 2021

CPRD Administration Office

125 S. Elliott Rd. Newberg, OR 97132

And remote via Zoom

11/10/2021 – 6pm

What are the priorities for the Board?

By-Pass Trail – already have grant funding

Yamhela Westsiders – but not as high of a priority

Deficit of trails within the district – examples provided

What is the focus?

Quentin Comus – surveys about trails – what is the state of the current trail system (inventory) – and then what is the best direction for development of new trails

Marty Peters – wants structure of the Board before floating ideas

By-Pass trail is mostly funded – and happening – not much work there?

Volunteers for trail maintenance – and fundraising

Members can volunteer for the trails they are most interested in – sub-committees via the trail they are most interested in

Opponents = partners

Outreach – committee

6:18pm – listening – not listening to convince

By-pass trail 1st phase is fairly well paid for – 3 phases total.

Cindy – still looking for a direction

Bob Oleson – agrees with the development of the network – feeder neighborhood trails into the by-pass trail

Ken Wright addresses the group regarding Yamhelas Westsider Trail history

Jim McMaster – has Yamhill/Carlton thought of joining the CPRD district?

There was discussion previously about it – but County Commissioners are an issue right now – politically it's stopped in its tracks due to political issues

The County has to deed the land to CPRD – and the debt they have to pay back - \$3million to pay back the grant

Quentin – inventory of current trails

What do you want to work on?

What do you need to get that done?

Board – how can we help you best?

Projects within the district – where a group said we need to make this happen

Meeting adjourned – 7:21pm
