We have lived in this area since 1976 and seen the area grow exponentially. It has long been a beautiful area to raise kids & ride horses. Keegie pharmacy had a drive up window for horses but roads are no longer safe for horses. As the area grows, fewer safe places exist and having a special place like Crystal River offers an economic attraction for individuals looking for quality neighborhoods. It's an asset many communities dream of and you have the opportunity to develop this property with the help of an active & dedicated equestrian community. The property was gifted for this purpose. Make it Right!

- Please consider the intention of the Bill's -
Agricultural uses -
1. Question to contemplate - Is Biking an agricultural use.
 2. People have invested heavily into the surrounding rural area into equine businesses, dismantling the equestrian park has real negative financial impacts.
 3. I am an outdoor science educator and bring my community college students to the park to enjoy the ecosystem and experience a rural introduction

Agriculture w/ The bluebird project.

4. In all the feedback not one bicyclist mentioned safety. I am a mountain biker and an equestrian. It isn't safe for both to be using some spaces.

5. In the survey that was done, what portion of biking was street-biking (like Champoux park)?
