Minutes

Motion by McBride to accept with note that Sumitomo should be correctly spelled. Second Andreas.

Public Participation

A. Youth Program

Skye Lockart with the Youth Services Program reported that the committee had met. Skateboarding, basketball, and special events such as dances and plays were discussed as activities the youth would be interested in using Central Gym for. Currently the gym is being used for skating on Monday, Wednesday, and Fridays, and for basketball on Tuesday and Thursdays. Special events and dances will be scheduled as requested. Carly stated the committee had met with Nialls who is currently running the weekend rollerblading program. He aided them in a plan for the skateboard park with ramps and such for Central. Skye presented the plan to the board. The committee also presented the ideas they had generated for fund raising and supervision. Skye noted that the first fund raising dance was scheduled for December 9th. All of the money raised will be given to the District for the skate board park. Skye stated that the materials they had estimated they would need would cost approximately \$1,500.00. Jim McMaster stated that the cost sounded about right to him. The committee stated that they had volunteers that were willing to build the ramp with supervision.
